

## Use Twitter to get notification emails and text messages from PPS

### Create a Twitter account online:

1. Go to **www.twitter.com**, enter your full name and click the **yellow button** on the right hand of your screen.
2. Fill in the first field with your **full name**.
3. Select a **username**.
4. Enter a **password**. *Be tricky!* Make sure your password contains letters, numbers, and symbols.
5. Enter your **email address**.
6. Fill in the Captcha to prove you're human, not a machine!
7. **Search** for '**PPSA**alerts', and click **follow** to receive emergency and other messages from PPS.

### Create a Twitter account via mobile phone:

1. Send a text message to **40404** with the word '**START**'
2. Twitter will send you a reply and ask you to reply with the word '**SIGNUP**' to create a new account. Send '**SIGNUP**'.
3. Next, Twitter will ask you to pick a **username**. Your username must be unique and less than 15 characters. Reply with the username you want.
4. You will get a confirmation message when you pick a unique username (Twitter will tell you to pick a new name if someone else has the username you wanted).
5. Choose a password.
6. You're all set! Send a message and it will post as your first Tweet.
7. Text '**FOLLOW PPSA**alerts' to 40404 to receive emergency and other messages from PPS.
