\*Percents meeting the milestone are not shown for groups with fewer than 6 students.

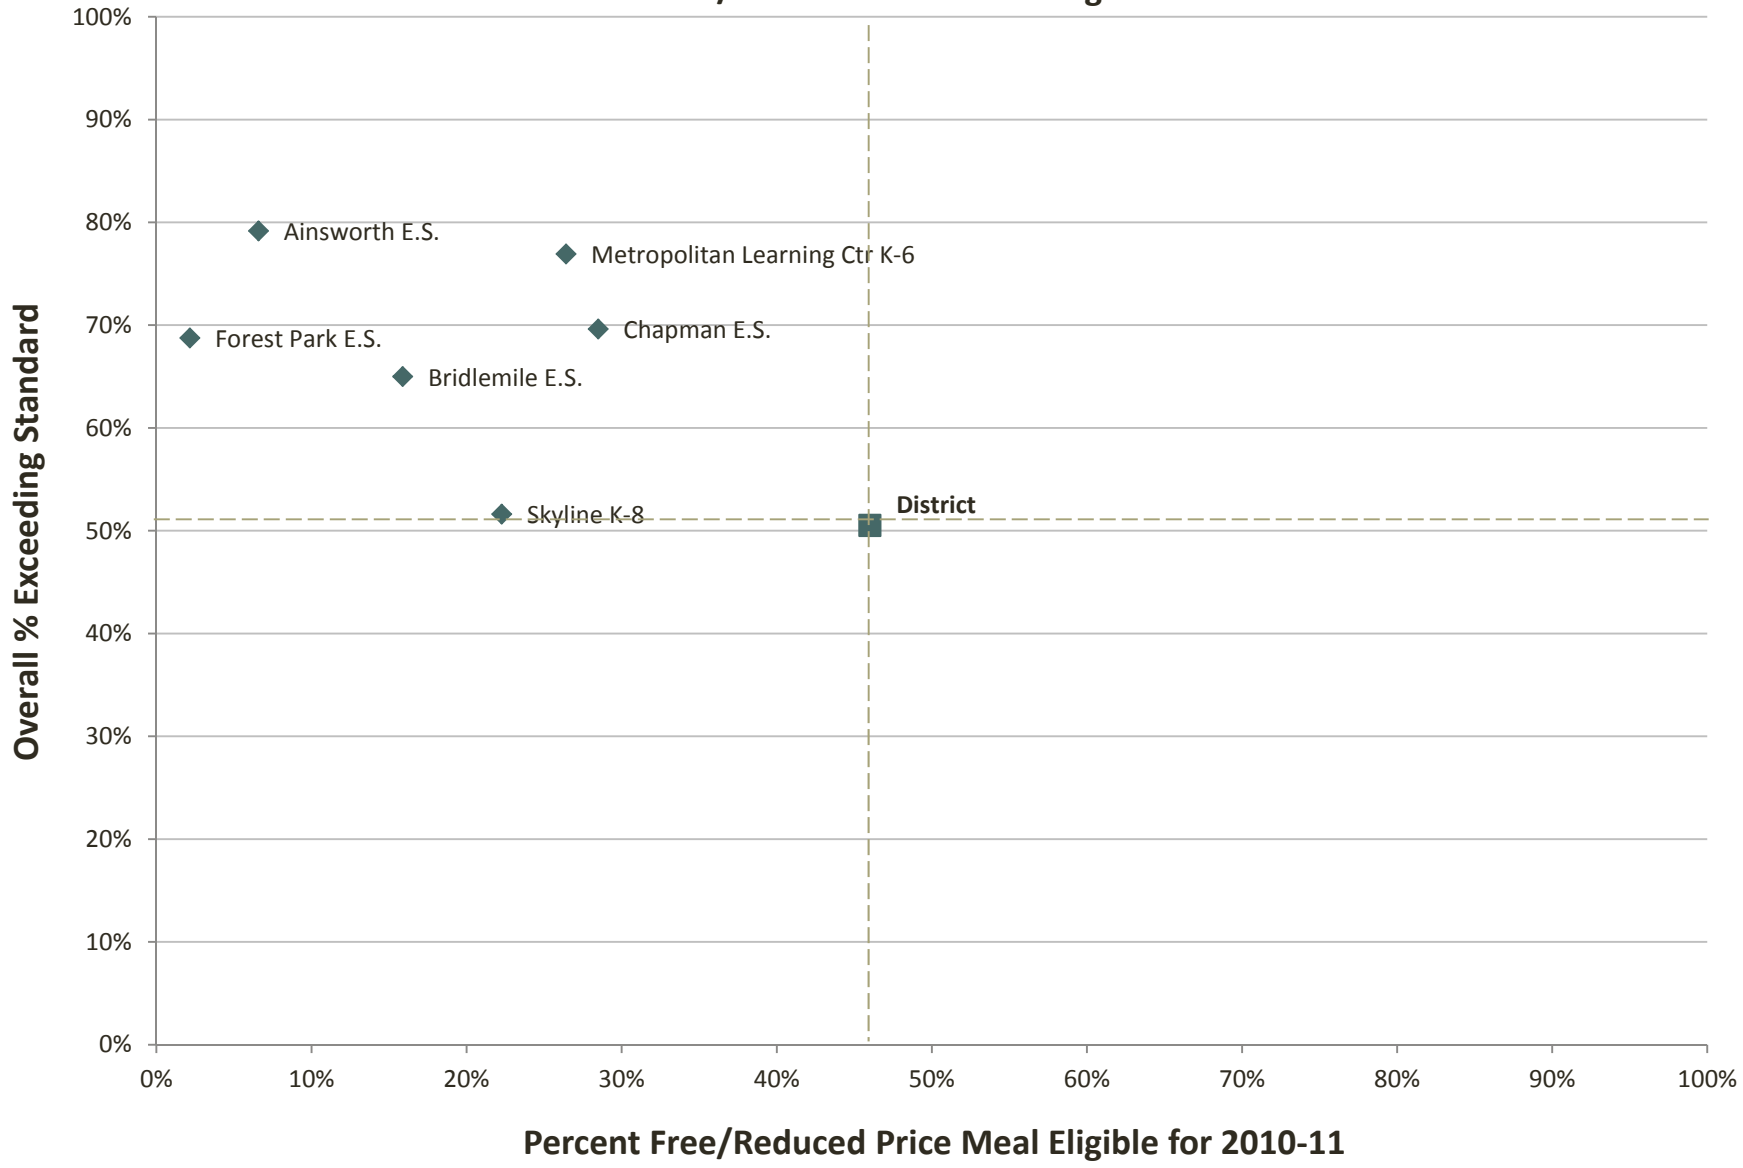

<sup>1</sup>Largest gap is calculated as the difference between White students and the lowest performing minority group (excluding multi-ethnic) with at least 6 students.

<sup>2</sup>Because of changes to ethnicity identification and reporting guidelines beginning 2009-10, total numbers of Hispanic students increased and numbers of Black students decreased through the district.

<sup>3</sup>In 2008-09 and prior years, Asian and Pacific Islander ethnicities were reported as a single group. In 2009-10, these groups were reported separately.
