*Percents meeting the milestone are not shown for groups with fewer than 6 students.

¹Largest gap is calculated as the difference between White students and the lowest performing minority group (excluding multi-ethnic) with at least 6 students.

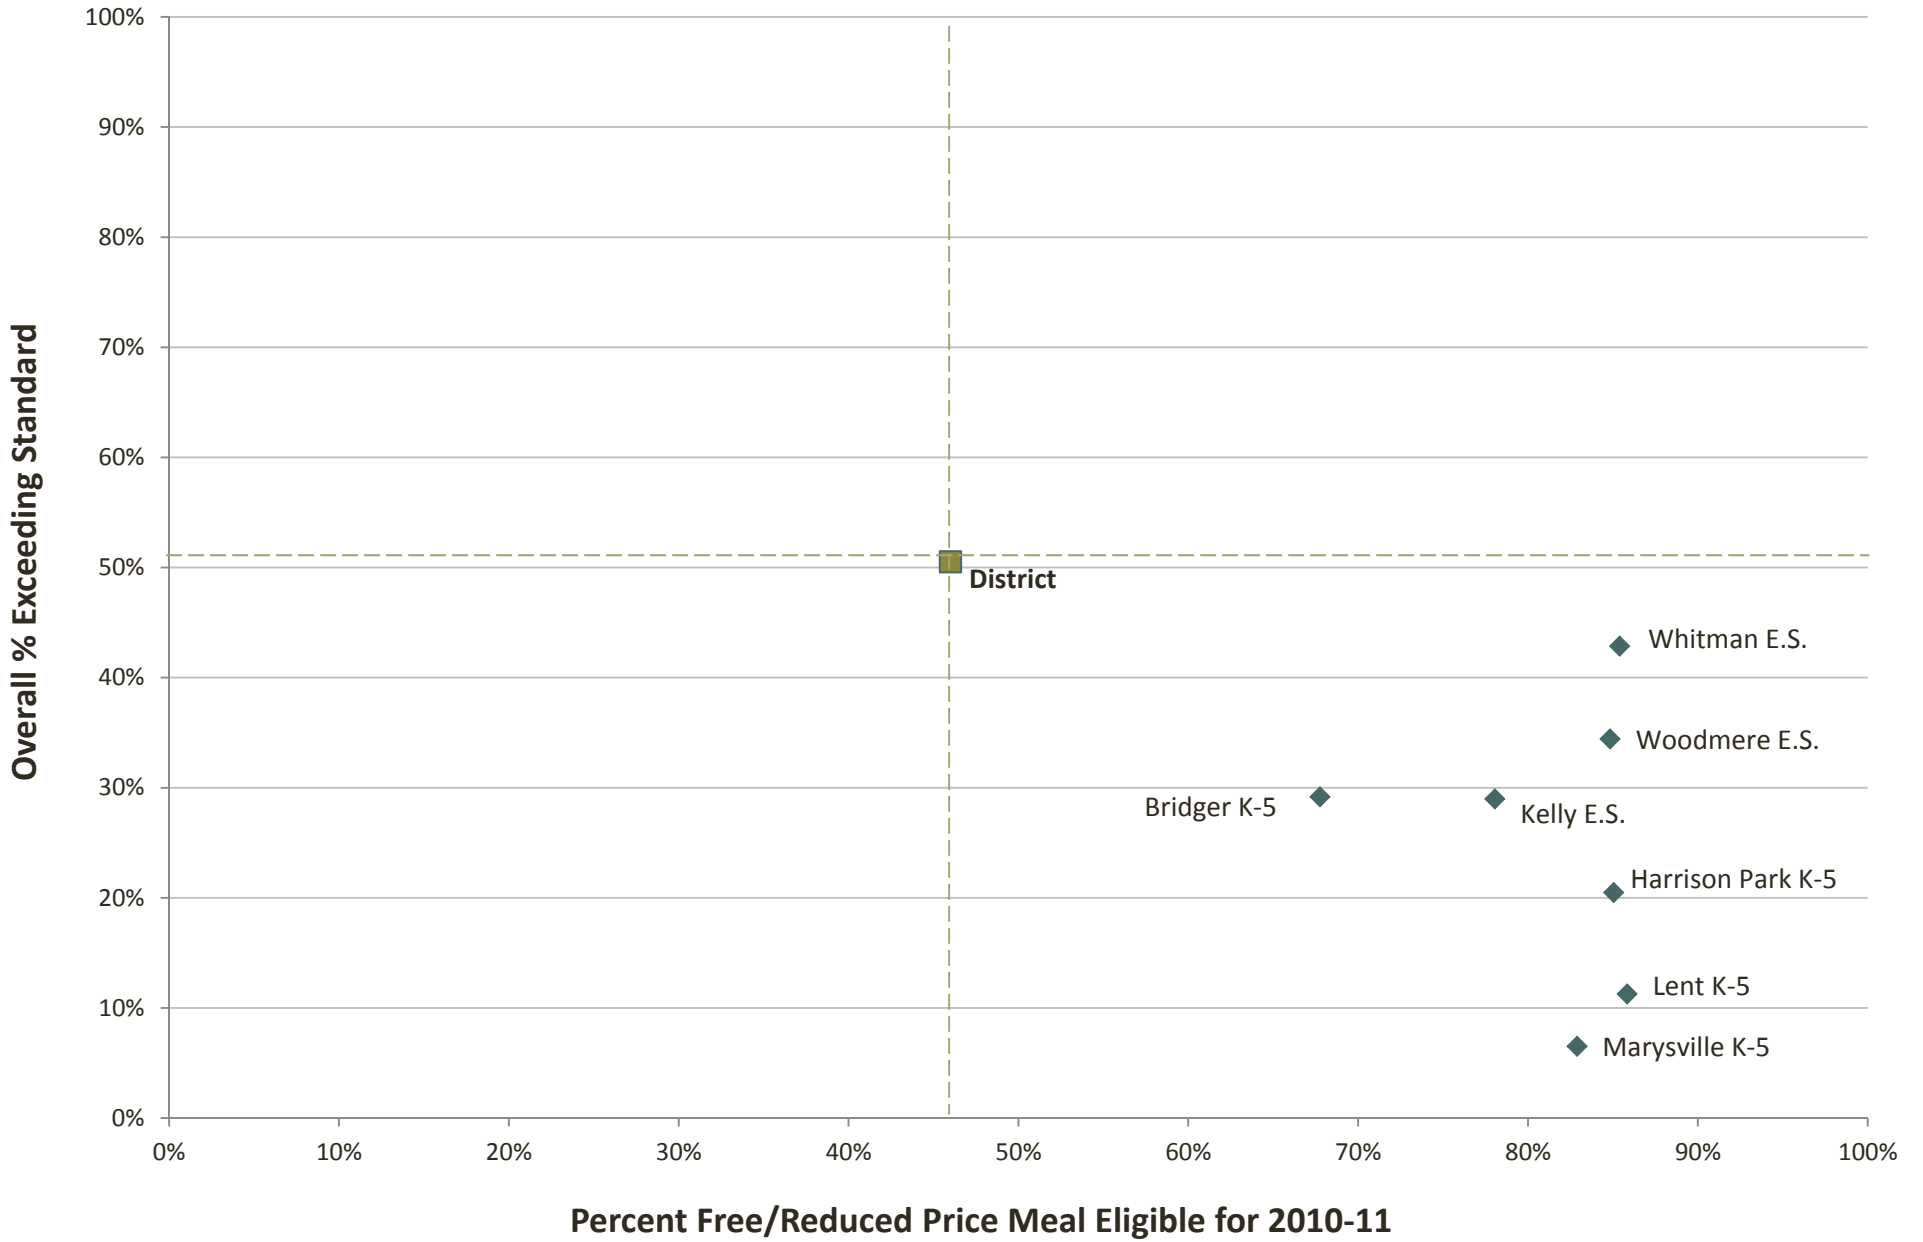

²Because of changes to ethnicity identification and reporting guidelines beginning 2009-10, total numbers of Hispanic students increased and numbers of Black students decreased through the district.

³In 2008-09 and prior years, Asian and Pacific Islander ethnicities were reported as a single group. In 2009-10, these groups were reported separately.

⁴District numbers may include students at schools or programs not listed here (e.g. Community Based Organizations or Charter Schools).
