

Our Beliefs

- We believe, and research supports, that English and Spanish-speaking students learn best from a dual language approach. By providing high quality educational experiences for all students, SEIS promotes higher levels of academic achievement.
- We believe that the language and cultural diversity of our students is the key resource of our academic program.
- We believe we can create an environment for all students to become proficient in both English and Spanish.
- We believe that all students can develop increased cultural awareness to thrive in the Twenty-First Century.
- We believe that all students will use their minds well and demonstrate proficiency through integrated curriculum, student-led conferences, portfolio development, project-based activities, internships, and service learning opportunities.
- We believe that working toward bilingualism will open the door to communication with wide-ranging communities by providing students with the necessary skills to interact competently in an increasingly interdependent world community.

SPANISH-ENGLISH INTERNATIONAL SCHOOL (SEIS)

A college-preparatory school designed to help all students attain bilingualism, international perspectives and career preparation on the Roosevelt Campus.
