Lifeskills is Sabin's new program designed to promote lifelong social learning skills. The program fosters a sense of belonging and community that comes when many hearts and minds work toward a common goal and live by a common set of behavioral standards.

Curriculum and Staff

Sabin is designated as an Early Childhood Education Center (ECEC) and offers a specially designed program for Prekindergarten and Kindergarten students. Sabin offers art, physical education, music and library programs.

Sabin Staff use a holistic approach to learning which focuses on the entire child, taking into consideration family concerns, emotional, social and medical issues. Early intervention and prevention is stressed with written communication in the form of progress reports to families regarding academic and behavioral performance of students.

Staff includes an Instructional Specialist, Child Development Specialist, Student Management Specialist, part-time curriculum support, nurse, speech pathologist and school psychologist. Resource teaching services and Reading

Recovery are also offered.
