

## Private Music Teachers in Southeast Portland

Your child will benefit greatly by getting private lessons on the instrument they are studying. A private instructor can give your child individual instruction that is not possible in two 50 minute band classes per week. Here is a list of teachers and facilities for private music lessons on band instruments in Southeast Portland:

Portland Music Company – They have a number of stores in the area with many great teachers teaching out of them. They are also the first place to look for supplies (reeds, music books, etc.).

Starfish Studios – 1416 SE 8<sup>th</sup> Ave., Portland, OR 97214 – (503) 810-6312 – <http://www.starfishstudios.com> - They appear to have private teachers for all of the instruments we use in our band.

Allegra Drums – This is a good resource on Woodstock for drummers.

Ethos, Inc. – Although they are in NE Portland they could be a good resource for private teachers that might teach in this area. Contact Toffer Towe at (503) at-ethos.
