

## George M.S. Grades 6 - 8

Note: Important rule changes have occurred over time, including which student groups are included in test results across the years. Importantly, 2007 saw changes to achievement standards (cut scores), with elementary standards being raised, high school standards being lowered, and middle school standards being some of each. To protect student confidentiality as well as to avoid misinterpretations of the results, data for groups with fewer than 6 are not reported.
