

Class Goals and Rules for 7th & 8th Grade

Pre-Algebra and Algebra 1/2 at Lent School

Year-Long Themes

- Fearless learning
- Appropriate choosing

Long Range Classroom Goals

- Provide students with a solid foundation for further mathematical learning while preparing them for a successful Oregon Assessment of Knowledge and Skills (OAKS) experience
- Pace instruction to align with the district-developed math curriculum calendar while respecting individual students' learning needs and abilities
- Establish and maintain a calm and focused classroom climate that provides a friendly and mutually supportive learning environment
- Develop and refine effective transition procedures
- Provide an on-line math resource for students and their families

Guidelines for Success

- I am safe
- I am respectful
- I am responsible

Classroom Rules

- Arrive on time with all of your materials - BRING A PENCIL
- Keep hands, feet, and objects to yourself
- Trash goes into the trash can
- Work during all work times
- Follow directions quickly
- Cell phones put away

Policies and Procedures

- Hand signal for attention, "May I have your attention please"?
- Materials out and ready to go within three minutes of arrival
- In-class work is done in a composition book that stays "in class"
- Quizzes and tests are given on Fridays, homework is **due** on Friday.
- Hall pass must be used if leaving mid-class
- Excused absence assignments: number of days out = number of days to turn in work
- Expectations, calendars, assignment record, grading policy, and grades are available on-line on my school web page - <http://www.pps.k12.or.us/schools/lent/233.htm>
