

**Metropolitan Learning Center
Parking Map on the playground**

- **Hints to avoid parking problems (busy from 8:15 – 8:35 and 2:55 – 3:15)**
 - Carpool
 - If appropriate, consider dropping off/picking up on Hoyt street.
- **Parking Do's and Don'ts**
 - Do: First row labeled **PARKING** should park even with the orange CONES. This allows for double rows and more spaces. DO: Follow the parking and traffic flow map (see link below)
 - DO: Drive slowly through the playground.
 - Do: Drop off students on Glisan and Hoyt Streets if age appropriate
 - DO: Park on the playground if you are volunteering in the building the entire day. Lot is closed from 9:30-2:30.
 - DO: Park on the edge of the playground when you are volunteering. It increases the amount of safe playground space for kids during the recesses.
 - DON'T: Stop the flow of traffic to drop off students.
 - DON'T: Drive on to the playground if your car is dropping oil. We have noticed puddles of oil and have concerns about student safety; both the residue left on hands and sports equipment and the added slipperiness to the asphalt.
