## Student Corner

Hi Peninsula students! I want to introduce you to my friend Terrie. Clifford is one of Terrie's brothers and he is 7<sup>th</sup> grade. She is in Ms. Anderson's 5<sup>th</sup> grade class with me. Terrie's birthday is March 15<sup>th</sup>. Her favorite candy is Reeses Peanut Butter Cups. Terrie's best friend is Alyssa, also known as me. Her most favorite thing to do is play basketball. She loves her 1<sup>st</sup> grade teacher, Ms. Nightin. Friday is Terrie's favorite day because it is the last day of school for the week. The thing that makes Terrie a good friend is that she is funny, honest and kind. We have the same interests. She loves being a friend to many people. I think she is a great friend. If you need someone to make you laugh, she's the one for the job!

## Student Corner

There was a worm, a very brave worm. He wanted the golden apple. He had to go to the King to get it. It was the juiciest apple in the universe. The worm sat in his chair and said, "You know, I'm going to get the golden apple!" "Did you eat too much sugar last night?" said the worm's wife. "I'm not kidding!" he said. So he packed up and left. It was a hard journey. There were ogres and dragons, but he didn't give up. He saw the King's castle and said, "I can do this!" He went in there and saw a sword. He picked it up and defeated them all. He grabbed the apple and they made him King. And he lived happily ever after.

### World Peace

World peace, that's all we need.  
We all live in harmony.  
Plants, trees, vines that grow,  
In the planet earth we all know.  
Animals live with fun and joy.  
Just like us girls and boys.  
World peace, that's all we need.  
We all live in harmony.

## Teacher Talk

Hi, my name is Maddie and I am interviewing my sensational basketball coach, Coach Jess. Coach Jess is the funniest person ever. Enjoy my story! Coach Jess does many cool cheers. For a great example, she has an amazing cheer that goes like this: "Clap, clap, honk, honk! Hey, I'm playin here!" She also does fun games like three line basketball and wall ball time trials. Coach Jess also does Playworks training. She takes kids and teaches them different games so they teach others during recess. They are called Junior Coaches. Her favorite food is pickles because they are crunchy and salty. When she was little, she used to put them in her grilled cheese sandwiches. Her favorite color is purple, but the beautiful violet kind. Her favorite game is volleyball. She came to Peninsula because they had an open spot. When they assigned her to Peninsula, she felt lucky. I feel that Coach Jess is so nice and she deserves to be here for the rest of her life.

## Student Corner

Hi, my name is Madison and I'm going to tell you about what I'm learning in Mrs. Gardner's 4<sup>th</sup> grade class. We are writing about descriptive settings in Oregon. Here is mine:

It is a cold dusk evening. On the right, the sun sets on the side of the mountain. Trees are lined up like soldiers marching. The trees are pine cone trees. The lake sits calmly in front of the mountain. I can see my reflection in the water. I smell pine cone trees and can feel the chill on my body. Its night now and fog comes and covers the ground. Its dark now and I am all alone. The sky turns dark blue and the stars come out. I feel joyful and safe, so I lay on a soft spot in the grass and lay down. I find something to put my head on and fall asleep while dreaming about this beautiful place.

Keep on reading and writing!
