

# Drive Through

**Q:** Where is the world's longest road tunnel?

## How Hurricanes Get Their Names

When hurricanes form each year, the National Hurricane Center gives each one a name. The chart below shows some of the names for hurricanes in the Atlantic Ocean in the years 2002, 2003, and 2004. Use the chart to answer the questions.

HURRICANE NAMES:  
ATLANTIC OCEAN

2002	2003	2004
Arthur	Ana	Alex
Bertha	Bill	Bonnie
Cristobal	Claudette	Charley
Dolly	Danny	Danielle
Edouard	Erika	Earl
Fay	Fabian	Frances
Gustav	Grace	Gaston
Hanna	Henri	Hermine
Isidore	Isabel	Ivan
Josephine	Juan	Jeanne
Kyle	Kate	Karl

- 1 What name will be given to the first hurricane in 2003?  
\_\_\_\_\_
- 2 What name will be given to the fifth hurricane in 2004?  
\_\_\_\_\_
- 3 What name came after Gustav in 2002?  
\_\_\_\_\_
- 4 What name beginning with the letter "D" will be used in 2004?  
\_\_\_\_\_
- 5 From this chart, what can you tell about the "rules" used in naming hurricanes? Explain your idea.
