Vernon School is "Going Green"

In our efforts to "save the environment" we would like to use our school website to provide weekly updates and our monthly newsletter.

We will begin using our website as our primary communication tool starting in October. If you would still like to receive a printed copy of all weekly newsletter from school, we are happy to send you printed information.

Otherwise, updates will be posted every Thursday to our school website for your reference.

We appreciate your support as we work to print less and post more.

Please let us know your preference.
